ORDER IN
THE SPRING,
PLANT IN
THE FALL!

WOODLANDS NATIVE TREE MARKETPLACE™

The **Woodlands Native Tree Marketplace™**, a complement to our Planting Forward™ initiative, provides access to high-quality native trees at budget-friendly price. Inspired by the 2020 derecho and the urgent need to address climate change, Woodlands empowers Linn County residents to rebuild a resilient tree canopy.

WHY THE NATIVE TREE MARKETPLACE?

Nursery-Direct Pricing

Trees are available to Linn County residents at our wholesale cost, with no quantity limits! Monarch Research has purchased **25,000 trees** from **26 native species** for landowners to select from. **Cost for each 3-gallon tree is \$25.**

Grown with Care from the Best

Our trees come from the **largest native nursery** in the Midwest and the nation, ensuring top quality.

3-Gallon Trees: The Smart Choice

- ❑ **Better Survival Rate:** Minimal transplant shock.
- ❑ **Cost Effective:** Lower price compared to larger trees.
- ❑ **Rapid Growth:** Begins growing immediately, often surpassing 15-gallon trees in size within 7 years.
- ❑ **RPM Rooting System*:** Recognized as the gold standard for healthy root development.

Fall Planting Advantage

- ❑ **Optimal Survival:** Fall (October) planting ensures higher survival rates and reduced watering needs in the first year.

*For details on RPM Rooting Systems visit www.fknursery.com.

HOW IT WORKS: ONLY 6 EASY STEPS!

- 1 **Visit the Native Tree Marketplace** at monarchresearch.org or scan the QR code for faster ordering.
- 2 **Select your trees** from a list of 26 native species.
- 3 **Complete the online order form** by September 1st.
- 4 Confirmation **information will be sent to you** via the mail provided.
- 5 **Pickup** or delivery (for a fee) dates will be communicated by late September.
- 6 **Plant** and enjoy your tree(s)!

WHY IT MATTERS

The 2020 derecho devastated our community. In response, we've planted nearly 120,000 native trees, restoring vital habitats on public and private lands throughout Linn County - and we're just getting started! **We're committed to planting another 120,000 trees in the next five years.**

With 25,000 native trees ready for planting this October, you can play a crucial role in reforesting Linn County and ensuring a healthier future for our community.

Visit monarchresearch.org/programs for full program details and tree species list.
