

2025 Species Selection Detail

American Hornbeam

**Height:** 20-35 feet tall.  
**Shade:** Thrives in shade, understory tree. **Fall Color:** Vibrant yellow to red. Distinctive bark gives it the common name "musclewood".

Black Cherry

**Height:** 60-90 feet tall.  
**Shade:** Intolerant, full sun. **Fall Color:** Yellow to orange-red. Beautiful tree with showy white flowers in spring.

Black Oak

**Height:** 50-80 feet tall.  
**Shade:** Intolerant, full sun. **Fall Color:** Brownish-yellow, dark red. The nearly black bark gives it a distinctly unique appearance.

Black Walnut

**Height:** 50-75 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Yellow-brown. Prized for its rich, dark color, beautiful grain, and exceptional strength.

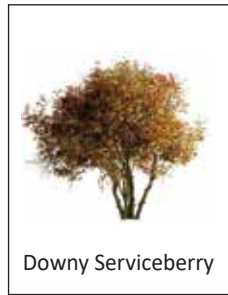

Bur Oak

**Height:** 80-100 feet tall. **Shade:** Tolerant, prefers some sun. **Fall Color:** Brownish-yellow. Long lifespan and exceptional drought tolerance.

Chinkapin Oak

**Height:** 40-60 feet tall.  
**Shade:** Tolerant, prefers some sun. **Fall Color:** Yellow-brown. Drought tolerant and they have a rounded crown and attractive, glossy green foliage.

Downy Serviceberry

**Height:** 15-25 feet tall.  
**Shade:** Tolerant, can grow in shade or sun. **Fall Color:** Yellow, orange, red, sometimes purple. Early spring bloom of showy white flowers.

Dwarf Chinkapin Oak

**Height:** 3-12 feet tall.  
**Shade:** Tolerant of shade, prefers full sun. **Fall Color:** Orange, copper, golden brown. Excellent choice for smaller landscape areas.

Eastern Red Cedar

**Height:** 30-40 feet.  
**Shade:** Full sun. **Fall Color:** Evergreen (no fall color). Highly aromatic, known for its distinctive cedar scent.

Hackberry

**Height:** 30-60 feet tall.  
**Shade:** Tolerant, shade or sun. **Fall Color:** Yellow, touches of orange or red. Low maintenance tree, incredibly adaptable and hardy.

Kentucky Coffee

**Height:** 40-55 feet.  
**Shade:** Tolerant, shade or sun. **Fall Color:** Yellow. Known for its unique growth habit with large, coarse ascending branches that often form a narrow, open crown.

Native Red Maple

**Height:** 60-90 feet tall.  
**Shade:** Tolerant, shade or sun. **Fall Color:** Red, orange, yellow, and purple creating a stunning display of color in autumn.

Northern Red Oak

**Height:** 60-75 feet tall.  
**Shade:** Intolerant, full sun. **Fall Color:** Red, orange, brown. Renowned for its spectacular fall foliage.

2025 Species Selection Detail

PawPaw

**Height:** 15-30 feet tall. **Shade:** Tolerant, often found in understory. **Fall Color:** Yellow-green, pale yellow. This tree has a unique fruit - described as a blend of banana, mango, and custard.

Persimmon

**Height:** 35-60 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Yellow to orange, reddish tints. Attractive ornamental trees with beautiful fall color.

Pin Oak

**Height:** 60-70 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Reddish-brown. Pin Oaks are known for their unique pyramidal branching pattern.

Quaking Aspen

**Height:** 40-50 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Golden yellow. Leaves have flattened stalks that tremble in the breeze, creating a mesmerizing visual effect.

Redbud

**Height:** 20-30 feet tall. **Shade:** Tolerant, can grow in shade or sun. **Fall Color:** Yellow. Best feature - showy display of pink flowers that appear in early spring.

River Birch

**Height:** 40-70 feet tall. **Shade:** Tolerant, shade or sun. **Fall Color:** Yellow. Well-adapted to wet soils, making them a good choice for planting near streams, ponds, or in low-lying areas.

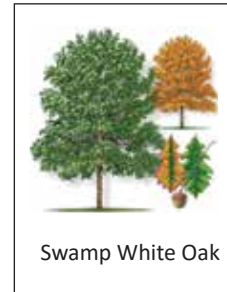

Shingle Oak

**Height:** 40-60 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Brownish-yellow. The smooth-edged leaves set it apart from other oaks, adding a distinctive visual element.

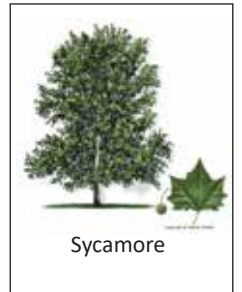

Sugar Maple

**Height:** 60-75 feet tall. **Shade:** Tolerant, shade or sun. **Fall Color:** Brilliant yellow, orange, and red. Known for its brilliant fall foliage.

Swamp White Oak

**Height:** 50-70 feet tall. **Shade:** Tolerant, often found in wet soils. **Fall Color:** Yellow-brown. Wetland tolerant. Distinctive silvery-white underside of its leaves make it unique.

Sycamore

**Height:** 75-100 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Yellow. Majestic trees that provide significant shade and a commanding landscape presence.

White Oak

**Height:** 80-100 feet tall. **Shade:** Tolerant, shade or sun. **Fall Color:** Reddish-brown. Incredibly long-lived trees, capable of living for centuries.

White Pine

**Height:** 75-100 feet tall. **Shade:** Intolerant, full sun. **Fall Color:** Evergreen (no fall color). Known for their soft, blue-green needles.
